

We provide Corporate Trust Services for large institutional clients including government and non-government corporations both locally and overseas. We specialize in escrow and paying agent services. Our corporate escrow and paying agent services are provided when third-party safekeeping and disbursement services are needed for business transactions.

## Corporate Trust Services

Our role is to represent and act in the collective interests of investors in accordance with the terms of appointment.

### Why choose Scotia DBG?

With our unbiased solutions, experience, efficiency and exceptional service, you can get back to running your business while Scotia DBG provides the administrative functions you need. Our services as an independent third party allow us to provide unbiased, customized solutions for safekeeping and

disbursing funds that meet the needs of all parties to the transaction. We have the systems and people in place to ensure that you receive quality, timely and accurate servicing for a cost-effective solution that fits your needs.

### How do we work?

You'll have a Scotia DBG officer who will work with you to understand your business and develop the right solution. Our relationship with you is a partnership and our style is consultative and informative. Our friendly, trained service professionals strive to always provide exceptional, personalized service. We believe in earning our mark of excellence one client at a time. We have a very strong professional team with broad skills and considerable experience.
